CURRICULA	1. Urban and regional planning 2. Landscape Architecture 3. Technology of Architecture 4. Design
POSITIONS AVAILABLE: 5 Positions with Scholarship: 4 Positions without Scholarship: 1	
SCHOLARSHIPS: 4	University of Florence
STUDY/RESEARCH PERIODS ABROAD	**YES** - only positions with scholarship
MANDATORY PERIOD REQUIRED	3 months
DOCUMENTS REQUIRED FOR THE ADMISSION (under penalty of exclusion)	• Copy of the Identification Document • <u>Replacement Declaration Form</u> self-declaration for: - Italian Degree required for the access - transcript of records with marks *(for those candidates whose degrees will be awarded within the 31st October 2019)* - acknowledgment of compliance for any other qualification documents enclosed with the application • Foreign Degree required for the access *(those candidates whose degrees will be awarded within the 31st October 2019 shall enclose the list of the examinations completed with marks)*
DOCUMENTS REQUIRED FOR THE EVALUATION	**MANDATORY** • Research Project • Curriculum vitae, related to training activities and research carried out by the candidate, of maximum two folders, as well as an indication of the foreign language (Ita/Eng) chosen for the verification **OPTIONAL** • Publications • Any other qualification document
REFERENCE LETTERS	A section is provided in the online application to specify the e-mail addresses of two professors/researchers willing to provide information about candidates training path and activities performed within a scientific field related to the Ph.D. course.

RESEARCH PROJECT	The request of the research project aims to evaluate the candidate's aptitude to propose a work program consistent with the chosen curriculum. The research project must refer to the curricular themes available at the following link: https://www.dida.unifi.it/vp-735-dottorato-sostenibilita.html. The research project may be written in **Italian** or in **English** language and it must contains: • applicant's name and surname; • title of the research project and curriculum (indicate only one of the four present curriculum); • summary and key words (identification of the research problem, main expected results, originality - max 500 characters, spaces included); • description of the research project (detailed description of the project with emphasis on the innovative aspects and scientific importance - min 5.000 / max 12.000 characters, (including spaces). The project description should include: • organization of the scientific problem and connected questions, with reference to the state-of-the-art; • objectives and expected results; • methodology and activities (with an indication of the tools that you deem necessary for the performance, already owned or to be acquired); • cultural and social interest and expected scientific impact on the scientific community; • bibliography.
MODALITY OF EVALUATION	• **Evaluation of curriculum vitae, research project, publications and other qualification documents** • **Interview** As detailed in the section below **"Evaluation Marks"**
OTHER LANGUAGE FOR THE EXAMINATIONS	English
SKYPE INTERVIEW	**YES** – possible for foreign residents only
EVALUATION MARKS	

parameter	minimum score	maximum score
Curriculum vitae, publications, other qualification documents	10/120	20/120
Research Project	30/120	40/120
Applicants who obtain a mark of at least 40/120 according to the minimum score for each parameter will be admitted to the interview		
Interview (including discussion of the research project)	40/120	60/120
Eligibility is achieved with a minimum score of 80/120		

FURTHER INFORMATION	Research projects will be evaluated as a priority in the lines of work of the curricula
THEMATICS	The primary strategic objective of the Ph.D. programme in Architecture, in cultural and economic terms and both at a national and supranational level, is the conservation and sustainable valorization of the cultural heritage, from landscapes and cities to buildings and artifacts. Regarding the specific objectives pursued within the priorities of the programmes, we suggest to visit the individual web pages of each curriculum where the research's framework and case studies are presented: https://www.dida.unifi.it/vp-735-dottorato-sostenibilita.html

Further information available at the following web page:
https://www.dida.unifi.it/vp-735-dottorato-sostenibilita.html
